PRESIDENT'S MESSAGE

Nathan Kennedy

Summer is unofficially here! I know summer doesn't officially begin until June 20th but Memorial Day has always been the kick-off to Summer in my mind. The staff has worked so hard to plan activities, menus, and make all areas of the club to be in the best shape it can be for this busy time of year. It's an exciting time of year with school ending, longer days of warm sun to enjoy, and plans for

summer vacation to enjoy quality time with our loved ones.

I've always felt the anticipation and planning are part of the fun and excitement for any type of vacation. Typically our vacations are in the middle or towards the end of July/August but this year we actually took our vacation in mid-May so we're back and don't have one to look forward to in the coming weeks. As our

vacation ended and I was driving home last week, at first I was disappointed, but then I started reflecting on the fact that we actually have a perpetual vacation in our own home town. I started getting excited about playing pickleball and golf, using our incredible pool, and returning home to Western North Carolina where people travel all over the world to visit and vacation themselves. These same amenities offered in Hendersonville are typically what we enjoy on vacation, but we're blessed to be able to enjoy these each and every day of the year basically in our own back yard. The quality of life our small town of Hendersonville and Hendersonville Country Club offers is unparalleled. So whether you've just returned from vacation or still have one on the calendar that you're looking forward to, know that we have daily access to amenities that allow us a place to rest, relax, and enjoy with our family and friends. I hope you take full advantage of the club this summer and cherish each and every day!

MANAGER'S MESSAGE

Anthony Chelena

Are you like me and love fireworks?

When I lived in Tennessee, the county I lived in allowed selling fireworks. So on the way home from work I'd stop at my gas station for a tank of gas, a case of beer and a couple of fireworks. The fireworks came with no description and had simple instructions: Light fuse, run away. In time I came to understand

which fireworks would do certain things and I learned I didn't need to run away.

When I moved to Hendersonville 22 years ago we didn't have a fireworks show so I started asking around about anyone interested in fireworks. Sandy Williams directed me to her neighbor Ken Shaffer, a Member of HCC, a fireworks enthusiast, and someone who was in trouble with Laurel Park for shooting an outlaw show from his house each year. I asked Ken if he would shoot a legal show at HCC and he jumped at the opportunity.

Ken hand made many of his fireworks and I watched him make many of them with a lit cigarette in his mouth. A cone cup like we use for water at the tennis courts would be filled with a few ounces of black powder and a fuse came out the bottom. This was the lift charge; and once ignited, it would send the charge out of a tube and up into the sky. The ignition of the lift charge would light a fuse for the break charge. And in about three seconds the break charge ignited and scattered everything. The break charge would ignite

things called stars- the colorful things you can see from the ground. Ken was loose with safety and he loved making me nervous. He refused to let me edit his show and I was always a nervous wreck. For instance, one year he sent so many fireworks up at once that were just noisemakers and it set off car alarms in the parking lot. Ken loved it. Ken produced our show for about 6-7 years until he succumbed to cancer.

So, for a couple years we didn't have a fireworks show until someone introduced me to Club Member Dustin Gosnell, a fireworks enthusiast. Dustin, a family man, takes safety seriously and I appreciate it. Federal regulations get tougher and tougher every year and I don't know how Dustin can keep up. He's a local businessman who has invested significantly in his hobby- fireworks. He fires the show from a computer program that matches each shell to the patriotic music he selected. He charges us a fraction of his cost simply because he loves to do the show. And I am very appreciative.

Dustin also shoots the show for Henderson County but that show is very different than our show. Our show includes a lot of low to the ground pyrotechnics plus the up high stuff. And ours, if you are around our clubhouse, is choreographed to music.

Our show will be at dark (usually about 9:25 PM) on July 3. The Main Clubhouse will NOT be open. The restrooms will be available in the Grill. We will provide 200 chairs but you probably should bring your own. Come and see a great show produced by Dustin Gosnell.

We just concluded May, along with my first Bourbon, Steak, and Cigar Night and I hope you all enjoyed it as much as I did. As a handful of you gave me feedback, I would love to hear your thoughts and what your favorite Bourbon was. We could not have asked for a better night with the weather as well as the gorgeous view of the Flower Moon overlooking the golf course. As we are quickly approaching June, our next Bourbon Steak and Cigar Night is planned for Wednesday, June 19th, as we will continue our journey exploring more of the Kentucky Bourbon Trail. For those of you who are on the waitlist from May, you will automatically be added to our June booking so please contact me directly 828-492-4189 if you cannot attend. We will not be hosting Bourbon, Steak, and Cigar Night in the month of July, but please be on the lookout for our announcement for August.

Summer is right around the corner and what better way to enjoy our beautiful weather and views than to have an Alfresco Dinner under the stars. A little history about "in the fresh air" dining goes as far back as medieval times. These feasts were huge celebratory events before a hunt to eventually evolve into popular dining options globally and a way to get creative and express culture. Alfresco dining is a way not only to relax but connect with nature by nurturing our bodies and souls. Chef Steve will showcase his imaginative culinary skills and each course will be paired with a wine chosen by me to complement each dish. We look forward to enjoying our first Cuisine on The Green experience with you on Saturday, June 22nd.

The pool is now officially open for the season and maybe you have already had the chance for a swim and noticed some changes. We now have a designated Snack Bar Attendant to look over your needs while up at the snack bar and you may have also noticed a QR Code for Online Ordering from the Snack Bar. Now you can scan the code and you will be directed to your HCC App where you can place an Online Order at your convenience while lounging at the pool. If you would like a text notification from our Snack Bar Team when your order is ready for pick up, please add your mobile number to the notes when placing your order and the Team will be more than happy to text you. This is also a great place to notify us if you have any allergies or food restrictions that we need to be made aware of. This season we have also added a small collection of alcoholic beverages for your convenience and enjoyment. I'm looking forward to my first summer with you all and especially the Grand Re-Opening of The Clubhouse!

CHEF'S CORNER

Steve Boeger

"Renovate" and "remodel" have emerged as buzzwords in recent years, as golf clubs throughout the United States attempt to do more, operationally, with less. Quite often, however, it's not just the golf course that needs a little TLC; sometimes, you have to spread the love to the clubhouse.

Think about it. The clubhouse is where public golfers spend up to 25 percent of their time during the total golf experience, but at private courses, this number can be as high as 50 percent. It stands to reason that if you want to create lasting impressions that can ultimately lead to incremental foot traffic, members need to "connect" with the space, service, staff, and food.

By the time you read this I will be finalizing menus for Member Guest, our Grand Opening Party, A la Carte Menus for the Clubhouse, and The Dogwood Invitational. With layers of dust coming into the kitchen tells me sheet rock is being sanded and prepped. Employee ads will be placed in a week and training will start shortly after that. Actually...training never stops.

I am beyond excited to facilitate experiences and extend the heart of the house back to you...our Members.

Wet weather makes turf disease and weeds difficult to manage. So far this year, we have received over 12" of rain more than the average for Hendersonville. This has made it challenging to keep up with spraying, mowing, and the typical maintenance we do every day on the golf course.

We appreciate your patience as we have had multiple days in the past month when we weren't able to mow or keep the course looking as nice as we would like. As well as the number of days that have been cart path only, I never like making it cart path only, but sometimes it's what we have to do.

We have seen some fire ants on #10. We have sprayed the visible mounds, but please be on the lookout for mounds so nobody is hurt. If you do see a mound, please let me or the golf shop know so we can take care of it as soon as possible. Fire ants do not have a history of being a problem in this area. As long as they are handled in a timely manner, they won't turn into a problem. However, when they multiply, they become difficult and expensive to control.

We have seen the sand wasps return in our bunkers. As most of you know, this happens every year and we try to control them. We have yet to find something that works long-term. Sand wasps are a nuisance, but studies have shown that they are not aggressive and pose no threat to humans. On the plus side, they help control the population of certain insects that could damage our turfgrass and trees.

JOIN THE HOLE-IN-ONE CLUB

Members who are enrolled in the Hole-in-One Club will be charged \$3 on their Club statement each time a Member of the Hole-in-One Club bangs in an ace. The Member in the Hole-in-One Club who made the ace gets all the money in the pot credited to their club account. Example: If 200 Members are in the Hole-in-One Club, 200 Members are billed \$3 each and the Member who knocked it in gets \$600 credited to their Club account.

The ace must be the first ball hit by a Member from a Hendersonville Country Club tee in a handicap posted 9 hole or 18 hole round and must be witnessed by another player. Away rounds don't qualify. Each golfing Member of a family opts in for themselves and gets charged for each hole-in-one. For example, if a golfing woman is a Member of the Hole-in-One Club but her golfing husband isn't individually enrolled, he isn't covered, isn't charged and doesn't win the pot. If any golfer didn't opt in to the Hole-in-One Club, and scores an ace, no one gets charged and no one gets paid. Scan the QR code below, contact Lauren Wardell by calling 828-492-4183 or email billing@hendersonvillecc.com to be added to the club.

COUPLES GOLF

NINE & DINE - MAY 2024

Fifty members participated in the second 9 & Dine for the 2024 season. The tournament was played on another "perfect weather" Thursday evening — May 30th. Seriously, it was a beautiful time to be on the course!

Players recognized for their success are as follows:

- Brick & Linda Cox with Jack & Penny Summey - 1st place score of 63
- Kevin & Brenda Mathers with Ben & Anne Pratt - 2nd place score of 63.4
- Ed & Margaret Arnold with Tom & Deborah Altman - 3rd place score of 64
- David & Kimberly Easterling with Tom & Alicia Dockrell - 4th place score of 66.9
- Chris & Robin Beltrand with Glenn & Deborah Robillard - 5th place score of 67
- Rich & Sue Robbins - low couple (not on winning team) with a score of 31.3

Get signed up NOW for next month's event scheduled to be played on Thursday, June 20! Looking forward to a full field again next month -- see you then!

FROM THE PRO SHOP

The following clinics are planned for June:

Rough	June 6
Bunkers	June 7
Women's Ball Striking	June 28

Watch your email from the Pro Shop for information about these clinics and how to register.

PACE OF PLAY CHALLENGE

Challenge: Minimize time on the green by reading the putt line while walking to your ball.

Put into Practice: Abbie hops out of the cart, putter in hand, and heads off to her ball on the green. Her path to her ball takes her around the flag continually scanning the lie and distance in the process. She picks out her intended line and when it's her turn to putt, does her pre-shot routine and hits the ball down her line. She doesn't stand over her putt but for a few seconds since she doesn't want to lose her original focus.

WGA LEGACY HONOREES

At the WGA 2024 Opening Coffee, WGA President, Jill Robbins reported that the Executive Committee had approved the establishment of an annual Legacy Luncheon to honor past and/or current WGA members who have made significant contributions to the WGA.

The legacy of the WGA, which was established in 1959, is rich with a history that has evolved to the organization of today. For this inaugural year, the Directors have selected six honorees to be recognized and acknowledged with a complimentary lunch at the luncheon event following the Member/Member/Member game day, July 23.

There are so many women who have contributed so much to the WGA legacy, it seemed appropriate to start with this strong circle of the following influential women.

Bette Carter

Barbara Clay

Elaine Harris

Sylvia Maxwell

Megan Wilson

Lavinia Zimmerman

In the future, a Legacy Luncheon will be held annually in mid summer to honor a current or former WGA member. The 'WGA Legacy Honoree' will be selected by the Executive Board from nominations by the WGA membership. Requests for nominations will be held at a later date.

The Executive Committee hopes that you are able to attend this special luncheon to honor the legacy of the Women's Golf Association and some of the women who have contributed to its development. Donna Remenar, Social Chair will be sending out an email in June to sign up. We hope to have a good turnout from the WGA Membership in supporting these women.

May 22, Hendersonville CC at Connestee Falls CC. Match 4-balls (Best Ball, Team vs. Team; 180 points available).

In a hard-fought match, The Hendersonville 20 fell in an "away match" to a seasoned Connestee Falls team by a score of 94 to 86. Outstanding performances by HCC teams included 11 ½ points won by **Ed Arnold & Bruce Mullen**, and 11 points won by **Glenn Robillard & Dave Lambert**; strong playing men! **Ron Schleich** won HCC's Closest to the Pin at Connestee Falls, congrats Ron!

SMGA Golf Tip of the Month: When warm-up time is limited, instead of rushing to the range to hit balls, work on a few "touch shots" with some chipping and putting. This will prime your short game "touch" and avoid a rushed hurry which can negatively impact your calm before a round.

"Fairways & Greens" to all!
